🔄 Khlood Ahmed

Profile Summary

Full Stack Developer with hands-on experience in both frontend and backend development. On the frontend, skilled in Angular, TypeScript, Bootstrap, NgRx SignalStore, and REST API integration. On the backend, experienced with Node.js, Express.js, ASP.NET Core Web API, MongoDB, and SQL Server. Passionate about building scalable, maintainable applications and eager to learn new technologies quickly in a fast-paced environment.

Internships

6-Month Postgraduate Intensive Training Program - (ITP).

Jan 2026 – Jul 2026

Full-Stack Web & Generative AI Development using .Net Track.

Mansoura, Egypt

Information Technology Institute [ITI] [🔗](#)

Digital Egypt Youth Program - (DEY).

Jul 2025 – Nov 2025

MEAN Stack Track.

Mansoura, Egypt

The National Telecommunication Institute (NTI). [🔗](#)

Projects

FAYED (فايز) – ITI Graduation Project [🔗](#) - Github [🔗](#)

An AI-powered B2B marketplace for Egyptian manufacturers to buy and sell surplus raw materials and production by-products. Served as the Lead frontend engineer on a 5-person team, architecting and delivering the full Angular 22 frontend including KYB onboarding flow, listings marketplace, AI prompt search with explainability chips, real-time notifications, and company dashboard. Integrated with .NET 9 REST APIs using a DTO-Adapter-UI Model pattern with Arabic-first RTL design.

Technologies: Angular 22, TypeScript, NgRx SignalStore, Bootstrap 5 RTL, SignalR, ASP.NET Core Web API.

Ecommerce Store (NTI Graduation Project) [🔗](#)

A full-stack e-commerce platform built with Angular, Node.js, Express, MongoDB, and Socket.IO featuring real-time notifications, user authentication, and admin dashboard.

Technologies: MongoDB, Express.js, Angular, Node.js, JWT.

Movie System [🔗](#)

A full-stack web application designed to manage movies and user submissions. It provides two dashboards, one for admins and another for users, with separate privileges and workflows.

Technologies: MongoDB, Express.js, Angular, Node.js, JWT, JavaScript, Bootstrap, jQuery.

Portfolio [🔗](#)

A modern and responsive portfolio website built using front end technologies, designed to showcase projects and skills with a clean and professional user interface. The project utilizes HTML, CSS, and JavaScript, along with Bootstrap for responsive layouts.

Technologies: HTML5, CSS3, Bootstrap, JavaScript, Font Awesome, Owl Carousel, AJAX.

Skills

Programming Languages

- C#
- JavaScript
- TypeScript

Front-End Technologies

- Angular
- HTML5
- CSS3
- Bootstrap
- jQuery

AI & Generative AI

- Prompt Engineering and Gen AI-Based Application Development
- RAG and Agentic AI
- AI-Powered Coding Assistant Tools and n8n Workflow Automation

Programming Concepts

- Object Oriented Programming (OOP)
- Data Structures & Algorithms
- Operating Systems
- Networks

Software Architecture

- SOLID Principles
- Design Patterns

Version Control

- Git
- GitHub

Back-End Technologies

- ASP.NET Core MVC
- ASP.NET Core Web API
- Entity Framework (EF) Core
- LINQ
- ADO.NET
- JWT
- Node.js
- Express.js

Database

- Microsoft SQL Server
- MongoDB

Personal Skills

- Problem Solving
- Communication Skills
- Presentation Skills
- Time Management

Certificates

- Mastering Object-Oriented Programming (OOP) using C++ - MaharaTech [🔗](#)
- Meta Front-End Developer Specialization [🔗](#)
- Transact SQL queries using SQL server ITI – Datacamp [🔗](#)
- C1 Proficient English Certificate - EF SET [🔗](#)

Education

Bachelor in English Language and Literature,

2019 – 2023

Faculty of Arts, Mansoura University.

General Grade **Very Good with Honors**.

Ranked 3rd of my class.

Languages

- Arabic: Native
- English: Fluent
